SGX ANNOUNCEMENT

INCIDENT AT DOWNTOWN LINE BUGIS STATION

The Board of Directors of Koh Brothers Group Limited (“Koh Brothers” or “the Company”), would like to update all stakeholders in connection with the collapse of temporary scaffolding used for the construction of a roof slab at the new Downtown Line (“DTL”) Bugis Station. The area affected is localised and the DTL Bugis Station is substantially completed and structurally sound.

The DTL Bugis Station is the site of Soletanche Bachy – Koh Brothers Joint Venture, a 55:45% joint venture between Soletanche-Bachy Singapore Branch and Koh Brothers’ wholly-owned subsidiary, Koh Brothers Building & Civil Engineering Contractor (Pte.) Ltd.

Investigations are currently being carried out by the Ministry of Manpower (“MOM”) and the Building & Construction Authority (“BCA”) on the cause of the incident which caused the death of two workers and injured eight others. In the meantime, the MOM has ordered a cessation of all works relating to two areas at the worksite, namely, formwork and concreting. Work will resume upon the satisfaction of two conditions – a Recovery Plan that is endorsed by a Professional Engineer for the safe removal of the collapsed framework structure and materials as well as the submission of revised Risk Assessments and Safe Work Procedures related to these two areas.

The Board wishes to express Koh Brothers’ heartfelt sympathies to the families of the two Chinese workers employed by its sub-contractor. Koh Brothers will work with its sub-contractor to devise some welfare measures to assist the affected workers and their families.

At the same time, Koh Brothers will co-operate with the authorities in their investigations and will make further announcements should there be any material developments in this matter.

By Order of the Board

Koh Keng Siang
Managing Director & Group CEO
